

To whom it may concern

## FDA Approvals

Referring to your request made to uni-chains A/S, we give you below information related to the FDA approvals of materials used for uni-chains products.

The US Food & Drug Administration for Food Additives in its Code of Federal Regulations establish products that may be safely used as articles or components of articles intended for repeated use in contact with food, in accordance with some prescribed conditions.

The listed materials comply with the requirements of the stated FDA-regulation

● **POM (D, DI, LF, SLF, NL, S & SX)**

- FDA-regulation 21 CFR § 177.2470 but may not be used in contact with food containing more than 15% alcohol

● **PP, PPI, PPMI & PPHW**

- FDA-regulation 21 CFR § 177.1520 (c), conditions of use B thru H of table 2 21 CFR § 176.170

● **PE, PEI & PEMI**

- FDA-regulation 21 CFR § 177.1520

● **PA6 & PA6.6**

- FDA-regulation 21 CFR § 177.1500 but may not be used in contact with food containing alcohol

● **PVDF**

- FDA-regulation 21 CFR § 177.2510

For a complete description of the individual regulations please refer to the web page of FDA (<http://www.fda.gov>).

The below link will give a complete listing of the regulations

<http://www.accessdata.fda.gov/scripts/cdrh/cfdocs/cfcfr/CFRSearch.cfm?CFRPart=177>

We hope the above is of use. If you have any further questions please do not hesitate to contact uni-chains.

Best regards,  
uni-chains A/S
